SUBJECT: FIN L-1499

Dear Mr. Notafrancesco:

Enclosed please find copies of the BWR and PWR MAAP 3.0B Technical Evaluation Reports (TERs), Part 4: Fission Product Release and Transport. These reports are formally transmitted in accordance with Task 4 of the MAAP evaluation project. On November 21, 1990, we transmitted TER, Part 3: Severe Accident Containment Modelling, but incorrectly indicated it was in accordance with Task 2 of the MAAP evaluation project. This should be corrected to indicate it was in compliance with Task 3.

Sincerely,

W. T. Pratt, Division Head
Safety and Risk Evaluation Division
