FREEDOM OF INFORMATION
ACT REQUEST

FOIA-90-483
Rec'd 10-26-90

Dear Sir or Madam,

I am currently a third year student at the West Virginia University College of Law in Morgantown, West Virginia. I am in the process of writing a required seminar paper on the topic of "Nuclear Power: A Viable Option for Today". I am looking for information regarding new reactor technology (such as the Westinghouse's new 600 megawatt design) and standardization plans for the future. My paper will also focus ways which public intervention should be limited to lower construction costs as well as various safety standards which are followed by the industry. I would like for you to send me any public information you would have on these subjects which could help my research.

In accordance with the Freedom of Information Act, 5 U.S.C.A. § 552 (a)(4)(A), I would like to request a waiver of the fees of sending me this information. If a waiver can not be granted, please bill me for costs no greater than \$5.00. Thanking you in advance for complying for my request for information and I look forward to hearing from you within ten working days as required by the act.

Sincerely,

David R. Bungard
