November 24, 1982

MEMORANDUM AND ORDER

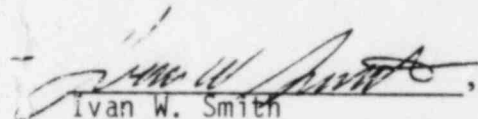

In the Board's Memorandum and Order of October 13, 1982 the Applicants were directed to report the details of the status of the application for construction permits in this proceeding. The report was to be submitted in the context of the April 15, 1982 motion to terminate the Pebble Springs proceeding by intervenor Forelaws on Board. We also stated that, after the Applicants' report had been evaluated, we would determine whether the intervenors' motion to terminate should be considered on the pleadings or whether a further factual inquiry is required. The Applicants have now filed their application dated November 12, 1982 proposing to withdraw the application for construction permits.

DS02

Since our October 13 Memorandum and Order did not anticipate a withdrawal application, the parties may be uncertain as to the next step. The Board will treat the application to withdraw as a request made under 10 CFR 2.107. Other parties may respond to the request within the time provided for answers to motions under 10 CFR 2.730(c) as if the withdrawal request had been served the date of the service of this order.
