EXPORT LICENSE

U.S. NUCLEAR REGULATORY COMMISSION EXPORT LICENSE

Conditions

License Number XS0U8703

Condition 1 — Licensee shall file with the Customs Officer or the Postmaster two copies, in addition to those otherwise required, of the Shipper's Export Declaration covering each export and mark one of such copies for transmittal to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. The following declaration should accompany or be placed on the Shipper's Export Declarations for such exports:

This shipment is being made pursuant to specific license number (specific license number) filed at (location of Customs office where license is filed), on (date license was filed). This license expires on (expiration date of license), and the unshipped balance remaining on this license is sufficient to cover the shipment described on this declaration.

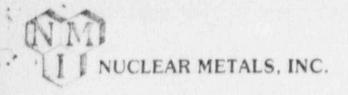

- Condition 2 Exports authorized in any country or destination, except Country Groups Q, S, W, X, Y, and Z in Part 370, Supplement No. 1, of the Comprehensive Export ScheL le of the U.S. Department of Commerce.
- Condition 3 This license covers only the nuclear content of the material.
- Condition 4 The material to be exported under this license shall be shipped in accordance with the physical protection requirements for special nuclear material in 10 CFR 73.
- Condition 5 Special nuclear material authorized for export under this license shall not be transported outside the United States in passenger carrying aircraft in shipments exceeding (1) 20 grams or 20 curies, whichever is less, of plutonium or uranium 233, or (2) 350 grams of uranium 235.
- Condition 6— This license authorizes export only and does not authorize the receipt, physical possession, or use of the nuclear material.
- Condition 7 The licensee shall complete and submit an NRC Form 741 for each shipment of source material exported under this license.
- Condition 8 The licensee shall advise the NRC in the event there is any change in the designation of the company who will package the nuclear material to be exported under this license, or any change in the location of the packaging operation, at least three weeks prior to the scheduled date of export.
- Condition 9 No re-export of the depleted uranium is allowed from France in bulk form without prior U.S. Government permission.
- Condition 10 Depleted uranium will be for non-nuclear use only.

Attn: Ms. Betty Wright

Licensing Officer

Dear Ms. Wright:

Enclosed please find an application to export nuclear material (blank depleted uranium rods for the manufacture of munitions) to:

CERCA Usine de Bonneuil 16 Route de Stains 94380 Bonneuil Sur Marne France

If there are any questions regarding the enclosed application, please contact me at the number below, extension 354.

Sincerely,

Tony Carpenito
