Dear Sir:

We acknowledge receipt of your letter of the eight of January. In this, you require our Quality Assurance Program for approval, as the current one expires on February 28, 1991.

We believe you are referring to a requirement of our industrial radiography license (docket no. 030-20850, License No. 52-21486-01). This phase of our operations was shut down in early 1986. Our Industrial radiography license was terminated, at our request, in February of 1988.

Very truly yours,

Carlos A. Ortiz
President
