Re: Request for Information Under the Freedom Of
Information Act (FOIA)

Dear Ms. Reed:

This is a request for information under the Freedom of Information Act (FOIA). Please send me a copy of all documents relating or referring to a facility located at or near 540 East 105th Street, Cuyahoga County, Cleveland, Ohio.

To help you in identifying this facility and related documents, please note that the Atomic Energy Commission may have granted a license for the production of uranium fuel at this facility, from March 1959 through 1962, to a company operating under the name "Clevite Corporation" or "Cleveland Graphite Bronze Company." A Mr. Jack Grobe from the Nuclear Regulatory Commission may have conducted, or know about, an inspection at this facility in April or May of this year.

If necessary, my firm will reimburse the Nuclear Regulatory Commission reasonable copying charges up to \$100.00. If certain documents are not readily available, please send copies of those documents which are readily available and let me know when I can expect to receive any additional documents. If you have any questions in regard to this request, please do not hesitate to call me at the number listed above.

Sincerely,

Louis H. Weinstein /mba
