SPECIAL DELIVERY

Mr. Joseph Delaney
Chief of Materials Section
Licensing Branch
Division of Civilian Application
Gaithersburg, Maryland

Dear Mr. Delaney:

In reference to the meeting planned for January 28th, I am taking the liberty of enclosing herewith for your information three copies of each of the following procedures:

1. Health and Safety - Nuclear Program
2. Criticality Control; General Policies and Procedures
3. Specific Criticality Process Control Procedures for Aktiebolaget Atomenergi R2 Materials Testing and Research Reactor
4. Security - Nuclear Program
5. Process Procedures for the Fabrication of Fuel Elements for Aktiebolaget Atomenergi R2 Materials Testing and Research Reactor
6. Accountability Procedures for SS Material.

These are advance copies of procedures which will be a part of our formal application for a special nuclear material license in connection with the supply of fuel elements to ACF Industries, Inc. for Aktiebolaget Atomenergi R2 Materials Testing and Research Reactor.

Very truly yours,

CLEVITE RESEARCH CENTER
