Gentlemen:

By application dated April 30, 1981, United Nuclear Corporation (UNC) requested that Materials License No. SNM-368 be amended to change or authorize the following:

- a. Environmental sampling for non-radioactive materials,
- b. Inspections and Audits,
- c. Licensed Possession Limits,
- d. Reorientation Training, and
- e. Deminimis uranium release concentrations.

Amendments No. 15 and 16 to SNM-368 were responsive to items b, c, and d.

With the issuance of Amendment No. 16, additional information was requested on items e. and a. Your letters dated February 26, 1982 and March 15, 1982 were not responsive to our questions.

Accordingly, you are hereby notified that the information requested in our letter of December 16, 1981 should be provided within 30 days from the date of this request. Failure to do so will be deemed a basis for denial in accordance with 10 CFR 2.108.

Sincerely,

Original Signed by
Ralph G. Page
