Dear Dr. Jordan:

Your October 13, 1982 letter requested that MPC place on a blank tape which the Department of Energy would supply, the list of Federal Agencies generating low-level waste.

I have talked with personnel of our Materials Licensing Branch and they indicated there would be no difficulty in acceding to your request. Accordingly, you should forward the tape to Ms. Karen Vanduser, Office of Resource Management, Mail Stop P-524, Washington, DC 20555.

I am glad to be of service to you. I regret this has taken so long to accomplish.

Sincerely,

Original Signed By
