Docket No. 99900900

Mr. W. J. Johnson, Manager  
Nuclear Safety Department  
Westinghouse Electric Corporation  
Box 2728  
Pittsburgh, PA 15230-2728

Dear Mr. Johnson:

SUBJECT: REORGANIZATION

Your letter of December 27, 1990, provided an organization chart for the Westinghouse Process Control Division. The chart shows the organization down to the QA Manager. By telephone with Mr. P. T. McManus on January 28, 1991, we verified that the General Manager of the Process Control Division continues to report to the Energy Systems Business Unit Vice President & General Manager as reported in your letter of November 4, 1989. We find that the organization continues to meet the requirements of Appendix B to 10 CFR Part 50 and is acceptable.

Thank you for keeping us informed of such changes on a timely basis. We request that other holders of Revision 11A/7A of WCAP-8370/7800 also be informed of these changes.

Sincerely,

Original signed by E. William Brach
