Docket No. 50-322 (2.204)

James P. McGranery, Jr., Esquire

Suite 500  
1255 Twenty-Third Street, N.W.

OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

Dear Mr. McGranery:

This is in response to your Petitions dated July 14, and July 26, 1989, as supplemented July 19, 21, 31, 1989, and January 23, April 5, May 4, November 14, and November 29, 1990, filed by you on behalf of the Shoreham-Wading River Central School District and Scientists and Engineers for Secure Energy, Inc.

Your requests were referred to the staff for consideration pursuant to 10 C.F.R. §2.206 of the Commission's regulations and have been considered together with another petition requesting action with regard to the Shoreham facility in the enclosed "Director's Decision under 10 C.F.R. §2.206." For the reasons stated in the Director's Decision, I find no adequate basis in your Petitions for taking the action which you have requested. This Decision resolves all of the issues raised in your Petitions with the exception of the issues raised in your November 29, 1990 supplement. A separate Decision will be issued responding to those concerns.

A copy of this Decision will be filed with the Secretary of the Commission for Commission review in accordance with 10 C.F.R. §2.206(c) of the Commission's regulations. As provided for in this regulation, the Decision will constitute the final action of the Commission 25 days after the date of issuance of the Decision unless the Commission, on its own motion, institutes a review of the Decision within that time.

For your information, I have also enclosed a copy of the Notice regarding this Decision filed with the Office of the Federal Register for publication.

Sincerely,

Thomas E. Murley, Director  
Office of Nuclear Reactor Regulation
