August 17, 1984

MEMORANDUM FOR: William O. Miller, Chief
License Fee Management Branch, ADM

FROM: Kathleen Hamill, Director
Division of Resource Management
and Administration
Region V

SUBJECT: STAFF HOUR DATA FOR INSPECTION RELATED
ACTIVITIES ASSOCIATED WITH THE CONSIDERATION
OF APPLICATIONS FOR LICENSES FOR NUCLEAR
POWER REACTORS

This is in response to your August 3, 1984, memo on the same subject which provided specific lists of "included" and "excluded" codes to be used in reporting staff time for fee purposes. Attached please find revised data reports covering the reviews identified in Ms. Norry's July 17, 1984, memo. This current submittal is a revision to the data which we submitted to you under my memo dated August 3, 1984. The revisions are minor, but were necessary as a result of your having provided clarifying codes.

If you have any questions regarding this material, please contact Joan Zollicoffer on FTS 463-3774.
