Gentlemen:

This refers to your letter dated October 22, 1982 requesting a 90 day extension in responding to the apparent item of noncompliance against 10 CFR 32.52 found during a recent inspection. The Notice of Violation, dated September 23, 1981, is attached.

Your request is granted, therefore, please submit your response by close of business December 27, 1982. Until such time as you are granted exempt distribution of your tritium-illuminated gunsights by the Commission you must comply with 10 CFR 32.52 reporting requirements.

Region III would consider you as being in compliance with the regulations if the reports were sent to the addresses on the list of Agreement States furnished to you by the Materials Licensing Branch in Washington, D.C. It is not necessary that you phone each state to verify the individual contact.

If you wish any additional information, please contact Mr. Don Sreniawski of my staff (312/932-2611).

Sincerely,

James R. Miller, Chief
