Dear Mr. Pelizza:

As recently discussed with Mr. Joel Grimm of my staff, please find enclosed one draft copy of a portion of the Environmental Impact Statement (EIS) being prepared in response to your company's source material license application. This draft describes HRI's proposal to conduct uranium recovery activities at the Churchrock, Unit 1, and Crownpoint sites in New Mexico.

This draft is being provided because it summarizes your company's proposed activities. In light of changes discussed informally with you recently, the draft likely includes descriptions which require modification. The draft is provided for your in-house review only, in preparation for the meeting between you and the Federal EIS review group scheduled for December 16, 1993. Please be prepared to address any misstatements found in the draft so they may be addressed prior to issuing the EIS for public comment.

If you have any questions regarding these matters please call Mr. Grimm at your convenience.

Sincerely,

18-159

for Ramon E. Hall
Director
