Attn: Brenda Brown  
Ref: License Number 04-21357-01E

Dear Ms Brown,

Thank you for your assistance this morning regarding my problem with the Application to renew our USNRC Distribution License, 04-21357-01E, and the address error. The ZIP code used is the same as found on all our previous correspondence. Please direct the Application to the correct party within the NRC, and forward my deep concern and regret for the delay in filing the application.

I have enclosed the original envelope, with postmarks, to show the date of our first mailing. The envelope was opened upon receipt back at American Scitec by the mail clerk, as part of her normal duties. I assure you there has been nothing added or deleted from the envelope since the original mailing.

Please call if this unavoidable delay will impact the normal course of business for American Scitec. We do not wish to violate any NRC regulations, nor do we wish to lose business due to an inability to ship. A telephone call, from the appropriate person within the NRC, to discuss this situation would be most appreciated.

Again, thank you for the help.

Respectfully,

R.R. "Dutch" Ludt
