Gentlemen:

We have reviewed your proposed requalification program and attached letter of October 11, 1982. Our questions and comments on the proposed program are presented below.

1. Under paragraph A, entitled "Review," we feel that the word "may" should be changed to "shall."
2. Under paragraph A.1.c, the term "excess" is used in the parenthetical statement. The meaning of this term is unclear, although it appears that you may have meant to write "excess reactivity."

Upon resolution of the above items we will be ready to interface with NRR in gaining approval for this proposed program.

Should you have any questions concerning this letter, we will be pleased to discuss them with you.

Sincerely,

"Original Signed by:  
W. A. CROSSMAN"
