Dear Mr. Rooney:

Enclosed is an application for an export license (XSNM02799), recently received by the Nuclear Regulatory Commission, for the export of low-enriched uranium for LWR fuel fabrication and ultimate use in the nuclear power reactors in EURATOM. A letter of assurance from EURATOM is required that the material will be subject to all of the terms and conditions of an agreement for cooperation. Your assistance in obtaining the necessary assurances will be appreciated.

Please note that a portion of the material could possibly be of Australian and Canadian origin.

Sincerely,

Ronald D. Hauber, Assistant Director  
for Exports, Security, and Safety Cooperation  
Office of International Programs
