Docket No. 50-344

Portland General Electric Company
121 S. W. Salmon Street
Portland, Oregon 97204

Attention: Mr. Bart D. Withers
Vice President, Nuclear

Gentlemen:

Subject: NRC Inspection of the Trojan Nuclear Plant

This refers to the routine, monthly inspection conducted by Mr. M. H. Malmros of this office on October 4-29, 1982, of activities authorized by NRC License No. NPF-1, and to the discussion of our findings held by Mr. Malmros with Mr. Yundt and other members of your staff periodically during the inspection.

Areas examined during this inspection are described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations by the inspector.

No items of noncompliance with NRC requirements were identified within the scope of this inspection.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within ten days of the date of this letter and submit written application to withhold information contained therein within thirty days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
