

February 7, 1991

Docket No.: 99901208/90-01

Mr. Ken Spraetz
President & Chief Executive Officer
Performance Contracting, Inc.
P. O. Box 2198
Shawnee Mission, Kansas 66201

Dear Mr. Spraetz:

This letter refers to the NRC inspection conducted by Mr. R. Moist on July 19-20, 1990, at your facility in Shawnee Mission, Kansas, and the discussion of the findings with Mr. J. Ganote, Jr., Quality Assurance Manager, of your staff at the conclusion of the inspection. Release of this report was delayed during NRC's ongoing review of nonconforming and substandard vendor products.

The inspection was performed as a follow-up to a 10 CFR Part 21 report submitted by Performance Contracting, Inc. to the NRC on May 25, 1990, regarding the unknown or suspect condition of bolting materials supplied to nuclear power plant facilities. Areas examined during the NRC inspection and our findings are discussed in the enclosed report. This inspection consisted of an examination of procedures and representative records, interviews with personnel, and observation by the inspectors.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosed inspection report will be placed into the NRC Public Document Room.

Sincerely,

Leif J. Norrholm, Acting Chief
Vendor Inspection Branch
Division of Reactor Inspection
and Safeguards
Office of Nuclear Reactor Regulation

Enclosure:
Inspection Report 99901208/90-01
