

UNITED STATES NUCLEAR REGULATORY COMMISSION

DOCKET NOS. 50-443/50-444A

PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE, ET. AL.

NOTICE OF RECEIPT OF ANTITRUST INFORMATION

Public Service Company of New Hampshire, et. al. acting on its own behalf and that of the other owners,* has submitted antitrust information accompanying the application for operating licenses for the Seabrook Station, Unit 1 and 2. This information was filed pursuant to 10 CFR Part 2.101 of the Commission's Rules and Regulations and is in connection with the owners' plans to operate two pressurized water reactors in Rockingham County, New Hampshire. The data submitted contains antitrust information for review pursuant to NRC Regulatory Guide 9.3 necessary to determine whether there have been any significant changes since the completion of the antitrust review at the construction permit stage.

On completion of the staff's antitrust review, the Director of Nuclear Reactor Regulation will issue an initial finding as to whether there have been "significant changes" under Section 105c(2) of the Atomic Energy Act. A copy of this finding will be published in the Federal Register and will be sent to the Washington, D. C. and local public document rooms and to those persons providing comments or information in response to this notice.

*The current construction permit holders for Seabrook Station are: Bangor Hydro-Electric Company, Canal Electric Company, Central Maine Power Company, Central Vermont Public Service Corporation, Connecticut Light & Power Company, Fitchburg Gas & Electric Light Company, Hudson Light & Power Department, Maine Public Service Company, Massachusetts Municipal Wholesale Electric Company, Montaup Electric Company, New England Power Company, New Hampshire Electric Cooperative, Inc., Public Service Company of New Hampshire, Taunton Municipal Lighting Plant, The United Illuminating Company, Vermont Electric Cooperative, Inc., and Washington Electric Cooperative, Inc.

If the initial finding concludes that there have not been any significant changes, requests for reevaluation may be submitted for a period of 30 days after the date of the Federal Register notice. The results of any reevaluation that is requested will also be published in the Federal Register and copies sent to the Washington, D. C. and local public document rooms.

Requests for reevaluation, requests for additional information regarding the matter covered by this notice, or requests for views to be considered with respect to significant changes related to antitrust matters which have occurred in the applicants' activities since the construction permit antitrust review should be submitted to the U. S. Nuclear Regulatory Commission, Washington, D. C. 20555, Attention: Chief, Antitrust and Economic Analysis Branch, Office of Nuclear Reactor Regulatory, on or before January 7, 1983.

A copy of the general information portion of the application for operating licenses and the antitrust information submitted is available for public examination and copying for a fee at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D. C. 20555, and at the local public document room at the Exeter Public Library, Front Street, Exeter, New Hampshire 03883.

Dated at Bethesda, Maryland, this 29th day of November, 1982.
