

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555

June 3, 1982

OFFICE OF THE
SECRETARY

MEMORANDUM FOR: William J. Dircks, Executive Director
for Operations

FROM: Samuel J. Chilk, Secretary

SUBJECT: SECY-82-137 - ABNORMAL OCCURRENCE
RECOMMENDATION - MAJOR DEFICIENCIES
IN MANAGEMENT

This is to advise you that the Commission (with Chairman Palladino and Commissioners Gilinsky and Roberts agreeing and Commissioner Ahearne disagreeing) has approved the proposed Abnormal Occurrence as modified in the attachment. Commissioner Asselstine did not participate in this action.

Commissioner Ahearne believes that removal of two paragraphs (which describe the nature of management deficiencies) have mischaracterized the nature of the occurrences that were intended to be reported as an Abnormal Occurrence.

The Federal Register notice should be prepared and forwarded for publication. (AEOD) (SECY SUSPENSE: 6/14/82)

The Office of Analysis and Evaluation of Operational Data was informed of this decision on June 3, 1982.

cc: Chairman Palladino
Commissioner Gilinsky
Commissioner Ahearne
Commissioner Roberts
Commissioner Asselstine
