Mr. Dominic A. Piccione  
Stone and Webster Engineering  
Corporation  
245 Summer Street  
Boston, MA 02210

Dear Mr. Piccione,

Thank you for the invitation to be a panel member on a Maintenance Rule Implementation session at the International Joint Power Generation Conference sponsored by the Nuclear Engineering Division of the American Society of Mechanical Engineers. I accept your invitation and look forward to participating during the session.

I propose to discuss the requirements of the Maintenance Rule, Regulatory Guide 1.160 and the current status of the NRC pilot maintenance inspections. If there is another aspect of the Maintenance Rule you feel would better fit the theme of the conference, please call me to discuss other options. I may be reached at (301) 504-1009. Also, when it becomes available, please provide information on the location of the conference and the panel date and time.

Sincerely,

Original signed by: Richard P. Correia
