Carolina Power & Light Company and North
Carolina Eastern Municipal Power Agency
(Shearon Harris Nuclear Power Plant, Units 1 and 2)
Docket Nos. 50-400 OL and 50-401 OL

Dear Dr. Lotchin:

In its Memorandum and Order of September 22, 1982, the Atomic Safety and Licensing Board did not grant your petition for leave to intervene, but provided that you would be given another opportunity to plead contentions on emergency planning.

Because you are not now a party to the proceeding, Applicants ceased serving documents upon you. This action was based upon our understanding of applicable regulatory requirements. In a letter to you dated November 18, 1982, however, Mr. David Lewis, law clerk to the Licensing Board, takes the position that you should receive copies of all correspondence and documents submitted to the Board.

We will therefore add you to our service list for future filings. Please find enclosed copies of the following documents which Applicants have filed with the Licensing Board since the issuance of its September 22, 1982 Memorandum and Order:
