

FEB 2 1994

Mason Iron and Metal Company
ATTN: Mr. Charles S. Mason, Owner
11360 East 8 Mile
Detroit, MI 48205

License No. STB-841 (terminated)
Docket No. 040-07327 (terminated)

Dear Mr. Mason:

SUBJECT: INSPECTION OF FORMER ATOMIC ENERGY COMMISSION (AEC) LICENSED SITE

This refers to the special inspection conducted by Mr. D. G. Wiedeman of this office on January 31, 1994, of your facilities formerly occupied by Wolverine Metal Company, located at 6500 E. Robinwood Avenue, Detroit, Michigan. Licensed activities were previously authorized by Atomic Energy Commission (AEC) Source Material License No. STB-841. The results of our preliminary survey findings were discussed with you and Mr. Gary Archinal of Wolverine Metal Company at the conclusion of the inspection on January 31, 1994. This also refers to the telephone conversation between D. G. Wiedeman and G. Archinal of Wolverine Metals on February 14, 1994, regarding the results of our laboratory analyses of samples taken at the time of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. The inspection consisted of a selective examination of representative records from the former license file, observations, independent measurements, and interviews with the current owners and occupants of the property.

Based upon this inspection, we have concluded that the site and remaining buildings located at the above referenced address were decontaminated to a residual radiation level consistent with current NRC guidelines. Consequently we have no further questions regarding this matter.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosure to this letter will be placed in the NRC Public Document Room.

We will gladly discuss any questions you have concerning the inspection.

Sincerely,
Original Signed by G.M. McCann for
Gary L. Shear, Chief
Fuel Cycle and Decommissioning Branch
