Dear Mr. Lawrence:

Subject: Routine Inspection No. 030-17162/93-001

This letter refers to your November 30, 1993 correspondence, in response to our November 24, 1993 letter.

In your letter you appear to deny the violation. Please be advised that pursuant to License Condition 15 of NRC License No. 06-19223-01, you are required to conduct a physical inventory every 6 months to account for all sources and maintain records of inventories for 5 years from the date of each inventory. Review of inventory records maintained since the inspection conducted on March 30, 1989, indicated that inventory records were not maintained between March 12, 1990 and November 2, 1993. However, in your letter, you commit to attaching a form on a clipboard located near the gauge to ensure that a physical inventory is recorded every 6 months.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

No reply to this letter is required. Thank you for your cooperation in this matter.

Sincerely,
