Gentlemen:

SUBJECT: Allegation Regarding Failure to Frisk While Exiting A Controlled Area

The Nuclear Regulatory Commission recently received information regarding a possible deficiency in your personal radiation protection program at Beaver Valley Power Station. Details of this deficiency are enclosed for your review and followup.

We request that the results of your review and disposition of this matter be submitted to Region I within 30 days of the date of this letter. We request that your response contain no privacy information, proprietary, or safeguards information so that it can be released to the public and placed in the NRC Public Document Room. If necessary, such information shall be contained in a separate attachment, which will be withheld from public disclosure. The affidavit required by 10 CFR 2.790 (b) must accompany your response, if proprietary information is included.

The enclosure to this letter should be controlled and distribution limited to personnel with a "need to know" until your investigation has been completed and reviewed by the NRC Region I. The enclosure to this letter is considered Exempt from Public Disclosure in accordance with Title 10, Code of Federal Regulations, Part 2.790 (a). However, a copy of this letter, excluding the enclosure, will be placed in the NRC Public Document Room.

The response requested by this letter and the accompanying enclosure are not subject to the clearance procedures of the Office of Management and Budget, as required by the Paperwork Reduction Act of 1980, PL 96-511.
