

Congress of the United States  
Committee on Government Operations  
House of Representatives

January 10, 1991

Honorable Kenneth M. Carr  
Chairman  
Nuclear Regulatory Commission  
11555 Rockville Pike  
Rockville, Maryland 20555

Dear Mr. Carr:

P.L. 100-656 section 637(a)(12)(c) requires federal agencies which contract in excess of \$50,000,000 to prepare a forecast of expected contracting opportunities that small business concerns, including those owned by socially and economically disadvantaged individuals, are capable of performing. I am writing to request that you submit your agency's forecast for fiscal year 1991 to the Committee on Government Operations by January 25, 1991.

This forecast should indicate:

- (1) The approximate number of individual contract opportunities (and the number of opportunities within a class).
- (2) The approximate dollar value, or range of dollar values, for each contract opportunity or contract opportunities.
- (3) The anticipated time (by fiscal year quarter) for the issuance of a procurement request.
- (4) The activity responsible for the award and administration of the contract.

As part of our continuing oversight of federal procurement matters, the Committee on Government Operations is examining whether federal agencies are meeting their legal obligation to provide the maximum practicable opportunities for small and small disadvantaged businesses. This forecasting information is critical to our ability to adequately monitor the progress that agencies are making in this regard.

Please forward this information to the attention of Crystal Ford, room 2157 Rayburn House Office Building. If there are any questions regarding this matter, please do not hesitate to contact Ms. Ford on the Committee staff at (202) 225-5051.

Your cooperation is greatly appreciated.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Conyers, Jr.", written in dark ink. The signature is fluid and somewhat stylized, with a large initial 'J' and a long, sweeping tail that loops back under the name.

John Conyers, Jr.  
Chairman
