The purpose of this modification is to extend the period of performance of the contract from December 31, 1990 to October 31, 1991 at no additional cost to the government and to revise the dates under Task 3 Section C entitled Statement of Work. This modification is needed because of the date change in the publication of the rule. This extension will allow the contractor to complete the work currently required by the contractor. Accordingly, the contract is hereby modified as follows:

1. Section C.1.3 Scope of Work, Task 3 is deleted in its entirety and the following is substituted in lieu thereof:

"Sub-Task 1 - The contractor shall prepare final draft document (Task 2) to incorporate NRC's comments and submit by January 31, 1991. This document will be published for public comment on May 31, 1991.

Sub-Task 2 - The contractor shall assist NRC in resolving public comments by September 30, 1991. After all comments have been resolved and/or incorporated, the contractor shall submit the formal technical report in final format (camera-ready copy) by October 31, 1991, in accordance with NRC Manual Appendix 3202, II and V.

The estimated level of effort for task 3 is .3 staff years.

2. Section C.2, Deliverables, last paragraph, first sentence is revised to read as follows:

"The contractor shall complete all work under this contract and furnish to the NRC Project Officer by October 31, 1991 the final formal technical report which will be published as a NUREG by the NRC and disseminated to licensees as guidance for the final rule amendments."

3. Section F.6, DURATION OF CONTRACT PERIOD, is changed to read as follows:

"This contract shall commence on September 1, 1989 and will expire on October 31, 1991."

All other terms and conditions remain unchanged, including the contract ceiling of \$183,500.00.
