Docket No. 50-293

Dear Sir:

In accordance with the provisions of 10 CFR 50.54(p), please find enclosed copies 1 through 5 of the Pilgrim Station Modified Amended Security Plan, Revision 9. This revision incorporates changes which reflect construction of a new administration/warehouse facility, reinsertion of a deleted change not accepted by NRC in Revision 8, and changes to provide more understandable explanations of security systems, functions, and operations. All changes were subject to a careful review, and do not decrease the safeguards effectiveness of the Plan.

A hi-lited copy detailing changes is included as a forward to each plan.

Pursuant to 10 CFR 73.21 of the NRC's regulations, we are requesting that you withhold information provided in Enclosure copies 1 through 5, and hi-lited forward, from public inspection.

Very truly yours,

A. V. Morisi
