 Sacramento, California 95812

Attention: Mr. J. J. Mattimore
 General Manager

Gentlemen:

Subject: NRC Security Inspection

This letter refers to the routine safeguards inspection of your activities at Rancho Seco Nuclear Generating Station authorized under NRC License No. DPR-54 conducted by Messrs. A. D. McQueen and D. W. Schaefer of this office on November 15-19, 1982. It also refers to the discussions of the inspection findings held by the inspectors with R. P. Oubre and W. J. Hammond and members of their staffs on November 19, 1982.

The inspection included examination of activities related your program for physical protection against radiological sabotage and against theft of special nuclear material in accordance with applicable requirements of Title 10, Code of Federal Regulations, Part 73, "Physical Protection of Plants and Materials", your Security Plan, and license conditions pertaining to physical protection as described in the enclosed inspection report. Within these areas, the inspection consisted of selective examinations of procedures and records, interviews with facility and contract personnel and observations by the inspectors.

Within the scope of this inspection, no violations were observed.

In accordance with Section 2.790(d) of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, documentation of findings of your security procedures are exempt from disclosure; therefore, the enclosure to this letter and your response to the items listed in the enclosure to this letter will not be placed in the Public Document Room and will receive limited distribution.
