Re: NRC--SECY 90-318
Low-Level Rad Waste

Dear Senator Kerrey:

I am writing to request your assistance in obtaining a copy of the Office of General Counsel staff analysis of section 5 of the Low-level Radioactive Waste Policy Amendment Act regarding the NRC's responsibilities associated with the 1993 and 1996 deadlines, referred to as enclosure 1 in SECY 90-318.

I have a copy of SECY 90-318, with enclosures 2 and 3, however, enclosure 1 is listed as 'Not Publicly Available.' It would be most helpful in preparing comments to the NRC to have a full understanding of the issue as presented to them.

Thank you for your consideration and assistance.

Sincerely,

Diane A. Burton
