Nuclear Regulatory Commission

Dear Chairman Selin:

I am Danielle Evans and I
go to school at St. Ann's Academy
in Washington D.C. I do not think
you should build a factory to produce
enriched uranium in Forest Grove or
Center Springs. To me you are being
very Racist because you would not
put the factory in your neighborhood,
would you? Have you ever thought about
what the factory could do to the
people, or do you care about the people.

I think you should think about
putting a factory in Forest Grove
or Center Springs first and see
what the people feel before you
build a factory in the their towns.

Sincerely Yours,
Danielle Evans
