Ivan Selin, Chairman
Nuclear Regulatory Commission
Washington, DC 20555

Dear Chairman Selin:

I have heard and read about the
LES situation and I think that it is very
important to protect the environment and the
population of any country, city, county, race or
nationality. I feel that it is necessary to
protect the environment so that in the coming
years, your children's children, can enjoy the
earth and the environment, which you could
help preserve if you convince the NRC to vote
NO!

The enriched uranium that possibly
will be produced, can harm people's health and the
environment which surrounds them.

Please try to convince the NRC to vote NO
against this dangerous, deadly, and unwanted company,
LES, to move into Forest Grove and Center Springs.
Thank you.
