RE: TMI-1 Restart, Docket No.50-289

Gentlemen:

Yesterday UCS hand-delivered "Union of Concerned Scientists Reply to Licensee's Response to Oral Arguments on November 9, 1982." There is an important error on page three (3) of that document. The last line of the first full paragraph should read: "...TMI-1 emergency procedures virtually precede establishment of boiler-condenser."

A corrected page is enclosed.

Very truly yours,

Ellyn R. Weiss
