Gentlemen:

We request an amendment to our NRC License Number 34-26055-01.

Alan Theyken, our Radiation Safety Officer identified on the license, has terminated his employment with our organization. We request that our license be amended to identify Glenn A. Rogers as our Radiation Safety Officer. Mr. Rogers spent eight years in the Navy Nuclear Program (1972-1980) as an Engineering Laboratory Technician, nine years in the Commercial Nuclear system as a Radiation Protection Specialist, and he has a BS in Business Management.

Please find enclosed a check for \$300.00 to cover the license amendment fee.

The contact person for this amendment request is Glenn Rogers, (513) 251-2730. Thank you for your attention to this matter.

Sincerely,

Joe Michael Lofton
