License Nos. DPR-51 and NPF-6
Revision to Commitment in Inspection Report
50-313/88-47; 50-368/88-47, Notice of Violation

Gentlemen:

This letter is being provided to document a change in a commitment discussed with Messrs. Tom Alexion, Mark Satorius and Ms. Sheri Peterson, on January 29, 1991, regarding a revision to Procedure 2503.017, "Unit 2 Local Leak Rate Testing". ANO committed to revise this procedure by February 1, 1991, prior to the start of the ANO-2 refueling outage. The intent of the commitment was to complete the procedure revision prior to the refueling outage. Since the exact outage date was not known at the time of the submittal, the date provided was a scheduled date. Procedure 2503.017 will be revised prior to the ANO-2 refueling outage (2R8) currently scheduled to begin February 22, 1991.

Should you have further questions, please contact me at 501-964-8601.

Very truly yours,
