Bristol-Myers Squibb USPNG (T-6)
ATTN: Raymond J. Collins
Radiation Safety Officer
2400 W. Lloyd Expressway
Evansville, IN 47721

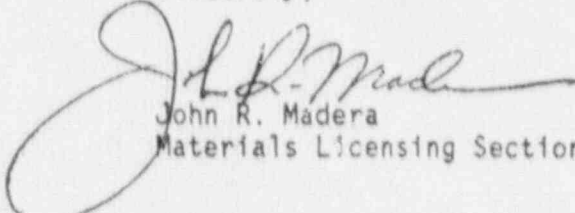

Gentlemen:

Enclosed is Amendment No. 65 to your NRC License No. 13-00772-02 in accordance with your request.

Please note that your possession limits are now below the limits requiring decommissioning financial assurance. Therefore, you do not need to address decommissioning financial assurance for your licensed facilities.

If you have any questions or require clarification on any of the information stated above, you may contact us at (708) 790-5625.

Sincerely,

John R. Madera
Materials Licensing Section
