Gentlemen:

This refers to the routine safety inspection conducted by Dr. L. W. Shatterly and Mr. D. R. Gibbons of this office on December 1, 1982, of activities authorized by NRC Byproduct Material License No. 12-16451-01 and to the discussion of our findings with Mr. Charles A. The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and with the conditions of your license.
