Dear Mr. Bimber:

This is to confirm receipt of your letter dated December 14, 1982 in which you provided clarifications of concerns previously expressed and addressed in the Perry Nuclear Power Plant Final Environmental Statement (NUREG-0884), regarding the potential impact of the propane leakage from Lake Underground Storage wells into the Morton Salt Mine on the safe operation of the Perry plant. Your letter has been provided to the appropriate NRC technical staff and is currently under review.

Thank you for taking the time to bring this clarifying information to our attention.

Sincerely,

John J. Stefano, Project Manager
