Dear Mr. Gilimberg:

Please Refer to Report # 99901006/89-01 Page 3 Of 7, Items
 Unresolved Items, Paragraph 2.

In order to respond to this item, We need to have the
 Unresolved nuts returned to Us from Washington Power. When we last
 contacted Mr. Gary Wolley on 9-19-89 We were verbally informed that the
 NRC (Per Ray Gilimberg) had advised him to place the material in quar-
 tine until notified to release it by the NRC.

We are unable to address the item as unresolved until We are
 able to receive the material. We have addressed the authority to return the
 material to Mr. Wolley in a certified letter dated June 5, 1989.

At this time, will you please ask Mr. Wolley to release the
 material to return to Us.

We have placed a call to Mr. Wolley's office as of today, and have
 talked with Ron Casadeau, one of Mr. Wolley's employees. Mr. Wolley
 is out of town until Friday of this week.

The phone number that we have is 509 377 2287

We will appreciate your help.

THESE NUTS WERE RECEIVED
 BACK FROM WASHINGTON POWER
 ON TUESDAY NOVEMBER 27, 1990

Sincerely,
