Gentlemen:

On November 3, 1990, I received a letter from the NRC Regional Office indicating that I was in violation of section 10CFR 30.35 of the NRC regulations regarding the new decommissioning rules. Upon review of my license and the possession limits stated therein it appears the limits are well below those required for decommissioning.

I have enclosed a copy of my NRC license for your reference.

Sincerely,

Patrick W. Stemper, M.T. (ASCP)
