Gentlemen:

This acknowledges receipt of the page changes to your Physical Protection Plan which were forwarded by your letter of January 18, 1982.

We have completed our review of the enclosure to your above referenced letter and find the proposed revision to be consistent with the requirements of 10 CFR Part 11.11(a). However, because of current limitations on processing the applications for special nuclear material access authorizations, we are not extending formal approval of your amended Physical Security Plan. You should await that approval before submitting your applications in accordance with 10 CFR 11.15.

We have determined that your letter of January 18, 1982 contains information of a type specified in 10 CFR Part 2.790(d). Accordingly, it is deemed to be commercial or financial information within the meaning of 10 CFR 9.5(a)(4) and shall be subject to disclosure only in accordance with the provisions of 10 CFR 9.12. The enclosure (page changes to Physical Protection Plan) to that letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

Sincerely,

L. J. Evans, Jr., Chief
 Fuel Facility SG Licensing Branch
 Division of Safeguards, NMSS
