 Demand for Information

Dear Sir:

I have just received your Demand for information letter dated November 2, 1990 requesting information on our decommissioning funding plan.

We have already sent our decommissioning plan letter to the NRC as part of our renewal. A copy of the letter and the letter from Patricia J. Pelke is enclosed. Her letter states that we do not need to file a decommissioning plan.

I hope this information will be sufficient to satisfy your inquiry.
 If there is additional information needed let me know.

Sincerely,

Leonard C. Ginsberg PhD
