OFFICE OF THE  
SECRETARY

January 24, 1991

MEMORANDUM FOR: James M. Taylor  
Executive Director for Operations  
FROM: Samuel J. Chilk, Secretary  
SUBJECT: SECY-90-350 - STATUS OF AND REMAINING ACTIONS  
FOR CLEANUP OF THREE MILE ISLAND NUCLEAR  
STATION, UNIT 2 (TMI-2)

The Commission (with all Commissioners agreeing) has approved the staff's recommendation that a notice for an opportunity for a prior hearing on the Post-Defueling Monitored Storage (PDMS) license amendment request be issued by the staff.  
(EDO) (SECY Suspense: 2/1/91)

The staff should prepare a recommendation to the Commission on how the license for TMI-2 would be handled between the time it will expire (11/4/2009) and the time the licensee intends to decommission and decontaminate the plant (4/19/2014).  
(EDO) (SECY Suspense: 10/25/91)

The Commission also concurred in the staff's recommendation that the TMI-2 Advisory Panel meet with the Commission to discuss recent activities and the future of the panel.

The staff should keep the Commission informed of its determination of what decommissioning funding provisions for TMI-2 will be required in light of the Commission's direction to the staff on the accumulation period for decommissioning funding for prematurely shutdown plants.
