Dear Mr. Winslow:

This letter is in regard to your letters, with attachments, dated December 11, 1990, and January 4, 1991, whereby you submitted revisions to your currently approved Fundamental Nuclear Material Control (FNMC) Plan. The revisions were made under the provisions of 10 CFR 70.32(c).

We have determined that the respective changes are acceptable in that they are consistent with regulatory requirements and the intent of regulatory guidelines and standards. Accordingly, License Condition 1.1 to Safeguards Amendment SA-2 to your License No. SW-1097 is hereby revised, effective upon receipt of this letter, to read as follows:

- 1.1 The licensee shall follow Sections 1.0 through 9.0 of their Fundamental Nuclear Material Control Plan dated December 16, 1987 - designated as Revision 0; as revised by the "Revisions By Page" - Revision 16 dated January 4, 1991 (page 1 of the FNMC Plan) and as may be revised in accordance with, and pursuant to, the provisions of either 10 CFR 70.34 or 70.32(d).

Our review also concludes that certain of the changes contained in the above referenced submittals include responses to Inspector Follow-Up Items (IFIs) numbers 90-205-02 and 90-207-01 through -03. We have determined that the responses are adequate and as a result the respective IFIs are closed.

We have determined that the attachments to your letters dated December 11, 1990, and January 4, 1991, contain information of the type specified in 10 CFR 2.790(d). Accordingly, pursuant to Section 2.790(d)(1), such information is deemed to be commercial or financial within the meaning of 10 CFR 9.17(a)(4) and shall be withheld from public disclosure unless subject to the provisions of 10 CFR 9.23.

Sincerely,

Original Signed by
