Cycle 3 Startup Test Report

Gentlemen:

Enclosed is a copy of the Cycle 3 Startup Test Report provided in accordance with Technical Specification 6.9.1.3 Item (2). This report summarizes the applicable physics testing performed to verify the adequacy of the Cycle 3 reload core design. The results of each test performed indicated that the measured parameters were within the specified acceptance criteria or were evaluated and were determined to be within the available margin.

Sincerely,

J. D. Sieber
Vice President
Nuclear Group
