Gentlemen:

We have received your letter dated December 20, 1990, which transmitted Revision 12 to the Arkansas Nuclear One (ANO) Emergency Plan. We have reviewed Revision 12 and have determined that it is acceptable and does not appear to degrade the effectiveness of your emergency planning at ANO.

Revision 12 primarily consists of changes resulting from incorporating lessons learned from your audits and from the results of the 1990 exercise. In addition, several clarifications pertaining to information flow patterns and interfaces with off-site agencies were reviewed.

If you have any further questions or comments, please contact Mr. Nemen Terc at (817) 860-8129.

Sincerely,
