OFFICE OF ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Northeast Nuclear Energy Company (EA 90-219)
(Millstone Unit 2)
Docket No. 50-336

Subject: PROPOSED IMPOSITION OF CIVIL PENALTY - \$50,000

This is to inform the Commission that a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of \$50,000 will be issued on or about February 11, 1991 to Northeast Nuclear Energy Company. This action is based on two violations of containment integrity requirements during refueling operations. The escalation and mitigation factors of the Enforcement Policy were considered and escalation of the civil penalty for the duration of one of the violations was offset by partial mitigation for identification and corrective actions.

It should be noted that the licensee has not been specifically informed of the enforcement action. The schedule of issuance and notification is:

Mailing of Notice February 11, 1991
Telephone Notification of Licensee February 11, 1991

The State of Connecticut will be notified.

The licensee has thirty days from the date of the Notice in which to respond. Following NRC evaluation of the response, the civil penalty may be remitted, mitigated, or imposed by Order.
