Re: Docket No. 03008783  
License No. 21-15237-01

Gentlemen:

In response to your Demand for Information regarding a decommissioning funding plan we would like to inform you that the requirements of 10 CFR 30.35 do not apply to us because our present possession limits as specified in Amendments 18 and 19 are below the limits specified in 10 CFR 30.35. This fact was stated to your Materials Licensing Section in a letter dated May 18, 1990 (copy enclosed) and was verified by the issuance of License Amendments 18 and 19.

We trust this information is sufficient to clarify this matter and there is no need for enforcement action.

Sincerely,

Kenneth Van Ess  
Radiation Safety Officer
