Submission of Revision 35 to the Monticello Security Plan

Pursuant to 10 CFR Part 50, Section 50.54(p), we are submitting four copies of Revision 35 to the Monticello Security Plan. These changes do not decrease the effectiveness of the Monticello Security Plan. This revision to the Monticello Security Plan contains Safeguards Information as identified by the Commission in 10 CFR Part 50, Section 73.21. The Security Plan revision should not be made available for inspection and should not be placed in the public document room.

This revision incorporates changes requested by your letter dated January 4, 1991 and revised pages incorporating NRC comments discussed in your approval of Revision 33.

We are currently using Revision 33 of the Monticello Security Plan. Revision 34 is a revision to the entire plan that was submitted on December 21, 1990. Revision 34 has not been distributed to manual holders pending NRC review and approval. Following approval, it will be issued under the next revision number available at that time. This change, Revision 35, is a change to the Monticello Security Plant, Revision 33. This change will affect Revision 34 and revised pages to revision 34 will be submitted at a later date.

Please contact us if you have any questions related to Revision 35.
